Title: CACHE SYSTEM WITH GROUPS OF LINES AND WITH COHERENCY FOR BOTH  
SINGLE LINES AND GROUPS OF LINES

REMARKS IN RESPONSE TO OFFICE ACTION

COMMISSIONER FOR PATENTS  
P.O. Box 1450  
Alexandria VA 22313-1450

Sir:

No amendments have been made. Claims 1, 3-4 and 7-10 remain in the application. Claims 4 and 8-10 have been allowed or declared allowable. Reexamination and reconsideration is respectfully requested.

In the paper mailed 07/17/2006, claims 1, 3, and 7 were rejected under 35 USC 102(e) as being anticipated by US Patent Number 6,412,046 (Sharma *et al.*). Applicant respectfully traverses.

Claim 1 specifies a system for maintaining identity of which device, if any, owns the group of lines, and claim 7 specifies maintaining ownership information for the group of lines, and in each of these claims this group identity or ownership information is separate from ownership of the individual lines. In the paper mailed 07/17/2006, the examiner cites three sentences in the background section of Sharma *et al.* discussing known prefetch buffers. Prefetching is also described in an article cited in the background section of the present application. The examiner's arguments regarding claims 1 and 7 do not address ownership of a group of lines separate from ownership of individual lines. Nothing
